Eldorado High Offers Four Ag Courses to Farmers

The Eldorado Township high school Board of Eudcation has approved four agriculture courses to be offered at the local high school starting in November. The purposes of these agricultural classes for farmers are to offer organized instruction in the various courses in agriculture to meet the present day needs of farming people, and to encourage farmers in the area to improve the efficiency of pro-

Last year, 65 farmers were enrolled in the farming classes offered. This year the courses to be have not had the opportunity to weld metals, or study welding elsewhere. For those individuals who have had or studied elementary welding, we will offer Advanced Welding. The third course will be a new course that has never been offered prior to this year, Farm Machinery Repair, Adjustments, and Maintenance. fourth course to be offered will be Soil Management with emphasis on soil testing, reading the test, making recommendations from the test results, estimating the plant food available on the acre basis, and soil mapping, plus the new developments in increasing soil fer-

All farmers who are interested in the above course listed, are invited to the enrollment night program at the Eldorado high school on Nov. 2, at 7:00 p. m. Those who cannot be present on this date and still wish to enroll in one or more of these courses, may enroll by contacting H. C. Bishop, Vo. Ag. Instr. or by calling these telephone numbers: Eldorado 525J or 275. Leave your name, address, and the name of the course in which you have an interest.

Farmers May Still Sign Up for Soil Conservation Work

Farmers with soil conservation problems on their farms are urged to contact the local ASC office located in the city hall, Harrisburg, at an early date, states Paul B. Whitlock, chairman of the Saline County ASC committee.

Funds are still available for helping farmers carry out sound conservation work. Any farmer who is in need of a pond, drainage ditch, land clearing, constructing toe walls, flumes, chutes and the spreading of limestone should come to the office and sign a request for the practice he needs.

It is now too late to make a proper seeding of grasses and legumes under pasture practices. Nevertheless, there may be some farmers who would like to start these practices at this date. Farmers may be signed up and approved for these practices under the 1954 program with the understanding that they can tear up the sod and add required limestone and fertiliz ers anytime during the remainder of the year. Then complete the project next spring and thereby qualify under the 1954 program. These are excellent practices that can still be carried out this fall, continued Mr. Whitlock.

Farmers who have been approved for practices are urged to complete them before the end of the year to be eligible for payment. Soil tests are required for limestone and pasture practices.

Ag Department Predicts Drop in Farmers' Income

WASHINGTON (U.P)-The Agriculture Department today predict ed that the farmer's share of the consumer's food dollar next year will drop to 43 cents, down a penny from this year and the lowest since

A marketing and transportation report said the price of food at the farmer's gate may average slightly below this year. But the cost of marketing those foods may be slightly higher.

Despite the continued high farm costs, the report said retail food prices may decline "slightly" in

The report showed the retail cost of items on the department's so-called "market basket" fell from last year's total of \$1,002, to an expected \$985 this year—down 2

The farm share of the "market basket" has fallen from \$452 last year to an estimated \$430 this

DEMOCRATIC CANDIDATE FOR SHERIFF OF SALINE

COUNTY

The people of Saline County, I am convinced, after talking with many of them, want a Sheriff who will enforce the law, and who will use Common Sense, and sound judgment in helping people solve their problems, and who will protect the lives and property of the people of Saline County. I know that the people of Saline County believe in, and want, good government, clean men in office, and men who are not controlled by any group or clique.

As Sheriff of Saline County, I intend to enforce the law. Whether it be for rape, murder, robbery, larceny, or whether it be for violating the Liquor Law, or violating the law with reference to the operation of Slot Machines, or whether it be for violating the law against gambling, or gambling devices.

ATTENTION:

VETERANS OF THE 25th CONGRESSIONAL DISTRICT.

I think all veterans should know that our present Congressman failed to vote for the Appropriations recommended by the Veterans Administration in the last session of Congress to expand Medical and Hospital care at the Marion Veterans Hospital and other Veterans Hospitals throughout the Country. The Marion V. A. Hospital has been cut from 200 beds to ONLY 150 beds due to lack of funds.

Because of Congressman Bishop's failure to vote for this vital legislation in behalf of our sick and disabled veterans, I am recommending we forget party lines on Nov. 2, 1954 and vote for Kenneth J. Gray. His devotion and duty to his Country and fellow man is evidenced by his 24 Months of Overseas Service in World War II and his active work in Veteran's affairs here at home including conducting Military Funerals for 188 Comrades who lost their lives in overseas action or who have died at home.

Sincerely,

Lowell Jones

CHAIRMAN

In Race at Cahokia Downs

EAST ST. LOUIS P—Lester W. Brokaw, a 17-year-old jockey, was killed during the second race at Cahokia Downs Friday night and the remaining seven races were cancelled.

Brokaw, of Granite City, Ill., was struck by another horse after his mount, Vornado, fell and threw him to the ground.

Following the accident, presiding steward Ralph W. Choisser of the Illinois Racing Board announced that the other races would be called off because the jockeys refused to ride. The jockeys termed the track "dangerous."

"It's like riding on Swiss cheese," jockey Bruce Brinkley

The accident occurred on the far turn of the new three-quarter mile track. It was approximately the same place where several other horses have fallen other times. Dale Dew, another jockey, told officials he was behind Brokaw when the horse hit a "two-footwide bad spot" and went down. Brokaw suffered a head injury and was pronounced dead on arrival at St. Mary's hospital here. It was the last night of the current Cahokia racing season.

Coldest Weather Of Season Hits Most of Nation

By United Press
The coldest and snowiest weather of the season covered much of the nation today.

Mercuries dropped as more cold air poured in from Canada and spread from the northern border to the Gulf of Mexico and from

the Great Plains to the Pacific.

It was below freezing as far south as south central Indiana and snow flurries fell today south and east of Lake Michigan. There was three inches of snow on the ground at Houghton, Mich., and two inches at Grand Rapids, Mich.

The snow surprised experts at Chicago by arriving precisely on schedule. Friday was the average date for Chicago's first snow—but it's rare for snowy weather to make its first appearance on exactly the average date.

Despite the wintry threat, a crippling drouth parched crops in the Southeast. The drouth was centered in Alabama and Georgia and in Georgia alone crop damage was estimated at more than 100 million dollars.

J. T. McPherson, 80, Dies in Hardin County

James T. McPherson, 80, died Friday morning at the home of a daughter, Mrs. Alvin Smith, in the Rock Creek community of Hardin county

The body now lies in state at the daughter's home.

The funeral will be Sunday at 11 a. m. at the Mt. Zion General Baptist church. Rev. Arthur Austin and Rev. George Dutton will officiate at the service which will be attended by Odd Fellow rites at the church cemetery.

The Daily Register 25c a week

To Voters of Saline County: Please Read This Article

It has come to our attention that recently a letter was addressed to the Republican candidate for County Judge, quoting a resolution commending said Republican candidate and recommending him as a competent man for the office of Judge of our Saline County Court.

Said resolution was supposed to be passed by the Harrisburg Ministerial Association. We are further informed that at this supposed meeting there were only four ministers present out of thirty-four that belong to the association. One of the ministers attending was making his first appearance at the ministers' meeting. Two others were not of long standing in the association and hesitated to pass the resolution. The fourth was

an older member who urged that the resolution be passed. The association is comprised of thirty-four members, therefore thirty of the thirty-four members had nothing to do with this resolution and apparently knew nothing about it. It therefore becomes apparent that such endorsements cannot possibly reflect the views of the entire association which was without the consent and approval of thirty of the good and substantial ministers of the association.

At a later meeting of the Saline County Dry Association held on Oct. 14 endorsements were again supposedly passed favoring the same mentioned candidate and also the Republican candidate for Sheriff. These two Republican candidates were invited to this meeting. The Democrat candidates for these offices were not invited. Was this fair to the Democrat candidates for the same offices?

The facts are that Trafton Dennis, the Democrat candidate for County Judge, has been an active member of the McKinley Avenue Baptist Church for 25 years. That Trafton Dennis, Democrat candidate for County Judge, has been a Sunday School teacher in said church off and on for many years and constantly for the past two years, he being away from his church 29 months while in the service of his country, 19 months of which were spent overseas in World War II.

When the said church was preparing to raise funds with which to build a new church, Trafton Dennis organized the corporation to handle the legal work in preparing the drafts of the bonds and is at the present time a

trustee for the Bond holders, all of this being done to serve his church.

The facts are that William T. "Wee" Barrett, Democrat candidate for Sheriff, has worked hard for a living since his childhood, delivering groceries from the Burnett's store; worked in the coal mines; served on the Saline County Board of Supervisors for four years; served as Police Commissioner for the City of Eldorado; served on the liquor control commission for two years in Saline County; worked 3½ years as Service Officer for the Illinois Veterans Commission located at Harrisburg; served 2½ years in the service of his country and 13 months being overseas.

The President of the Dry Association states that an investigation is made of each and every candidate before he is endorsed.

Did the investigation of the Dry Association reveal the fact that Layman Jones, the Republican Candidate for Sheriff was on an active committee for the wets at the last Wet and Dry Election in the City of Eldorado which was held in April 1951?

Did this investigation reveal the fact that the different organizations in Eldorado selected certain of their members to help carry on the campaign for the wets; and did this investigation reveal the fact that these members were to work together with the former tavern owners and liquor interests to vote Eldorado wet; and did this investigation reveal the fact that the Republican candidate for Sheriff was selected from one of the organizations to work with these other members so selected in managing the campaign for the wets at this election; and did the investigation reveal the fact that the said Republican candidate did work in this capacity, actively during the campaign for the wets?

Regardless of what the association's investigation revealed about Mr. Jones the foregoing facts are supported by affidavits.

Let us be fair and honest when making endorsements. Let us be fair with our conscience when we cast our vote on Election Day.

Lest. We Forget-

An outstanding War Record is not a sufficient reason for electing a man to public office but when a man has all the qualifications necessary to efficiently conduct the duties of office, his service for his Country should be given careful thought and consideration.

Don B. Garrison, Candidate for re-election to the office of County Clerk served honorably in World War II:

33 months service; 19 months overseas; 23 missions on a Heavy Bomber bombing Germany and German held territory; as a Turret Gunner shot down 2 German Planes; participated in the First Shuttle Bombing of Germany, flying from England, bombing Germany and landing in Africa, and making the return trip bombing enemy held positions the following day.

Don B. Garrison was shot down over Germany. He was wounded seven times, suffered a broken arm and shattered leg. Three amputations were necessary on his leg. He was a Prisoner of War 11 months.

He was awarded the DISTINGUISHED FLYING CROSS, AIR MEDAL 4 times and the PURPLE HEART.

Don B. Garrison has served you efficiently and impartially as County Clerk of Saline County. Retain Don B. Garrison as your County Clerk. His Record speaks for itself.

This is my answer to the mud slinging of the Saline County Democratic Central Committee:

- 1. I am proud that the Saline County Dry Association endorsed me for Sheriff of Saline County.
 - 2. I repeat the pledge I made to you:
 - A. I will not tolerate the illegal sale of beer, whisky or any other intoxicating liquor in Saline County.
 - B. I will not tolerate the operation of slot machines or any other gambling device in Saline County.
 - C. I will investigate on my own initiative to determine whether the above laws are being violated and I will conduct raids and make arrests to enforce those laws.
- 3. I am proud to acknowledge the support of the law abiding and God-fearing people of Saline County and I shall do all in my power to live up to the confidence they have placed in me.

'The Dignity of Work'

Proverbs 6:6-11: 24:30-34 GOLDEN TEXT: "Seest thou a man diligent in his business? He shall stand before kings; he shall not stand before mean men. (Prov. 22:29)

INTRODUCTION: One of the greatest needs in the world today s a new respect for the dignity of work. Some folks act as if they think it is a disgrace to labor in any way that requires energy. Some people take the attitude of doing as little work as they can get by with and yet draw the high-

We need to come to a new realization that God first set the example for us. God "created the heavens and the earth," and he wants us to enter into partnership with Him in keeping this world a fit place in which to live.

I LOOK AT THE INSECT WORLD The ant is cited as an example for those who labor. The word "industrious" comes from a German word which means "ant." We

would do well to study the ants for an example to ourselves. 1. THE ANT'S INDUSTRY IS A VIRTUE: The ant's labor is un-

Prayer meeting Wednesday 7:15 keep on the job. However, have you ever watched a colony of ants? They are on the job. They are busy at work constantly. Contrast this with the groups of men or women you have seen at work in some places recently.

He has not squandered the fruits of his labor on un-needed and foolish luxuries. My! but how we need to learn this lesson today. It would be amazing to know the financial conditions of most of the people in the United States today. People who have received high wages for years sometimes owe more than they have stored up against the future. If suddenly a national econ-

would be the recurrence of a series

man seems as if he would sleep forever. The lazy man leaves his work for someone else to do. When five men are working together to carry a load, each man must bear his share of the load. If one man fails, the other four are forced to carry a heavier load. So it is in a community, a state or a nation. Lazy people make it necessary for the industrious people to carry more than their share.

Let us take our churches for an example. If every person who belongs to your church would carry his share of the load, actually miracles would begin to take place. Imagine what it would be like in your church if you, along with ev-ery other member, were in place every time the church had services! Imagine what it would be like if everyone obeyed God and brought at least a tithe into the church treasury "upon the first itude. day of the week." (Remember a 5:48 tithe of your income is the minimum expected by God.) The leaders in your church would have to stay up nights trying to decide how best to use God's money.

Yet, friends, the above is the least we should do in the way of laboring and the giving of our-church selves in service of our Lord.

2. FOLDED ARMS (V. 10) We see pictured here the one with folded hands slumbering and sleep- mid-week prayer service. ing. A person like this will never get the job done. Find any person who is a success and you will not find him with hands folded and asleep.

3. THE RESULT OF SLOTH (V. 11) Poverty surprises him like a robber, and want like an armed man. This is a striking picture of how sudden a person can sink into destitution. However, it only seems sudden. The lazy person has been preparing a long time for this condition to appear.
III MORAL APPLICATION

Sloth in all its forms is ruinous to the body and to the soul. The lazy mind will bring its just deserts. The mind must be aroused, filled and interested. One of the reasons for drunkenness is that men have lazy minds which leads to a lack of self-control.

If you have no occupation, invent one. Keep yourself busy if you would succeed. Labor is dignified. Never be ashamed to work with your hands or your mind.

Sloth in spiritual matters can lead to eternal destruction. Hell

Barnett. is full of men and women who were too lazy to answer God's call to salvation. God calls you to accept His Son as your Savior. Arise! Be awake to the call. He awaits
